Prices are valid for 7 days, subject to availability and confirmation by the owners. The description and prices indicated for the properties for sale on this website are considered to be correct. However, the information contained on this website may be subject to errors or omissions. Properties may be subject to price changes, sale or withdrawal from the market.
In the case of property sales, it is recommended that offers/proposals be submitted in writing, not lower than the published price, and that at least 10% of the total price be paid in advance as proof of the intention to complete the transaction. The owner may also take into account the buyer's financing needs. Therefore, the lower the financing needs, the higher the price offered and/or the higher the amount paid in advance, the greater the likelihood that the owner will accept the buyer's offer. In addition, for greater security, the amounts paid in advance may be held in escrow by the agency until the offer is accepted by the owner or, if not, returned to the buyer upon request if the offer has been rejected or ignored.
